Attorney for Plaintiff

COMPLAINT TO COMPEL DISCLOSURE OF PUBLIC RECORDS

There is no other pending or resolved civil action arising out of the transaction or occurrence alleged in this complaint.

NOW COMES Plaintiff Kate Levy, through her attorney, and for her complaint against Defendant, City of Detroit Water and Sewerage Department, states as follows:

Jurisdiction and Venue

1. This is an action brought under the Michigan Freedom of Information Act ("FOIA"), MCL 15.231 *et seq.*, to compel the production of public records from the City of Detroit Water and Sewerage Department.

2. Plaintiff is an individual who resides in Detroit, Michigan. As such, she is a “person” under MCL 15.232(2) (c).
3. Defendant City of Detroit Water and Sewerage Department (DWSD) is a department of the City of Detroit in Wayne County, Michigan. As such, it is a “public body” under MCL 15.232(2)(d)(iii).
4. Defendant has possession of and control over the “public records” that Plaintiff seeks.
5. Jurisdiction to compel production of public records is proper in this Court pursuant to MCL 15.240(1)(b).
6. Venue is proper under MCL 15.240(10)(4) as Defendant holds the records Plaintiff seeks in Wayne County.

General Allegations

7. Plaintiff is a journalist and filmmaker, whose videos on the Flint water crisis have been featured in reports on the Washington Post, CNN and Democracy Now web sites.
8. Plaintiff is a member of the We the People of Detroit Community Research Collective, a collaboration between academics, community activists, researchers and designers to produce research with and for the citizens of Detroit.
9. Detroit Community Research Collective research has been used in a wide range of settings, from community organizing to legal and legislative work and is also shared with academic and journalistic institutions upon request.

10. Plaintiff is working with the Detroit Community Research Collective on three publications analyzing the impact of housing access, school access and water access challenges on the Detroit community. Those publications will be made available online and in print.

Plaintiff's FOIA Request

11. By letter dated September 1, 2015, Plaintiff sent Defendant DWSD a FOIA request for public records regarding addresses of certain water terminations and turn-ons related to nonpayment and illegal usage. Plaintiff's FOIA request for records read, in relevant part, as follows:

This is a request for public records or writings as most broadly defined under the Michigan Freedom of Information Act (FOIA). MCL 15.232 (e) and (h). I request that the following records be provided to me:

I. Records of all residential water terminations for nonpayment from June 1, 2013 to the present date identified by zip code and street address.

III. Records of all residential turn-ons following a disconnection for nonpayment or illegal usage from June 1, 2013 to the present date identified by zip code and street address.

(Exhibit A).

12. Plaintiff's FOIA request specifically directed that, if an exemption was claimed by DWSD to partially deny a request, the exempt material should be redacted and nonexempt information provided "with the most detail possible without revealing the contents of the exempt information":

Nonexistent or Exempt Records

Should you decide to certify that a requested record does not exist or to invoke a FOIA exemption as the basis for withholding any record responsive to this request, please include sufficient information to comply with legal requirements.

For an exemption, the following information must be included:

1. A description of each item withheld; and
2. An explanation of the basis for the determination that the public record is exempt from disclosure.

If you determine that portions of a record requested are exempt from disclosure, please separate or redact the exempt material and make the nonexempt material available to me. When separating or redacting material, please provide materials with the most detail possible without revealing the contents of the exempt information. As an example, the address 130 Main Street might be redacted to read 13_ Main Street.

(Exhibit A).

Defendant's Response Partially Denying Plaintiff's FOIA Request

13. On October 8, 2015, Defendant sent an email (Exhibit B) with an attached letter and spreadsheet that responded to Plaintiff's FOIA request by granting the request in part and partially denying requests I and III. Defendant explained the denial was on the ground that information "pertaining to street addresses of shut[off]s for non-payment ... constitutes information of a personal nature , and is exempt from disclosure pursuant to MCL

15.243(l)(a)":

This letter serves as the City of Detroit's response to the above-referenced matter. Your letter was received at the Detroit Water & Sewerage Department (DWSD) on September 18, 2015 via facsimile. Your request is granted in part and denied in part as follows:

I. Items I , II and III of your request are granted as to records of residential water terminations for non-payment, illegal usage and the restoration of service for each from June 1, 2013 to the present date. However, your request is denied pursuant to MCL 15.234(5) as to requests for information regarding zip codes, because according to DWSD personnel, the record you request does not contain data organized in that fashion. Additionally, your request pertaining to street addresses of shut[off]s for non-payment is denied, as that information constitutes information of a personal nature , and is exempt from disclosure pursuant to MCL 15.243(1)(a).

(Exhibit C).

14. Defendant's October 8, 2015 response letter did not discuss redaction of the claimed exempt material "of a personal nature", despite the specific instruction in Plaintiff's request and her suggestion of a method for providing nonexempt address information.

(Exhibits A and C).

15. The spreadsheet attached to Defendant's response contained some of the requested information about certain water terminations and turn-ons. It included a column for "Service Address" that was left blank for tens of thousands of rows marked "Residential" (Exhibit D), while address information was included for thousands of rows marked variously as "Apartment Building, City of Detroit Bankruptcy, Commercial, Det Public Schools-Leased, Det Public Schools-EAA, Det Public Schools, Firelines Commercial, Firelines Industrial, Housing Commission, Industrial, Municipal, Planning and Development, Schools, State of Michigan and Wayne State University." (Exhibit E).¹

16. On October 26, 2015, Plaintiff submitted an administrative appeal to Defendant challenging the partial denial of her request by the failure to provide address information redacted "to provide as much information as possible without defeating the purpose of the claimed [privacy] exemption":

In September 1, 2015, I submitted the attached FOIA request for information concerning water terminations and disconnections. You denied my requests I-III in part on the ground that it was necessary to exclude street address information of customers because that information was of "a personal nature" that is exempt under MCL 15.243(1)(a). I am writing to appeal and request reversal of that denial for the reasons set out below.

¹ The spreadsheet Defendant provided contained over 240,000 entries for various actions taken with regard to water terminations and turnons. Exhibits D and E reflect representative samples of the thousands of pages in the report.

I am appealing because I believe that it is possible to grant my request for street and address information while maintaining the privacy of your customers. In fact, my request specifically asked that you make reasonable redactions in order to provide as much information as possible:

If you determine that portions of a record requested are exempt from disclosure, please separate or redact the exempt material and make the nonexempt material available to me. When separating or redacting material, please provide materials with the most detail possible without revealing the contents of the exempt information. As an example, the address 130 Main Street might be redacted to read 13_ Main Street.

In other words, DWSD may properly respond to my request by providing information in a partially redacted form such as blacking out one or more of the digits of the street addresses. It is well established that such redaction is required under the law to provide as much information as possible without defeating the purpose of the claimed exemption.

(Exhibit F).

17. On November 5, 2015, Defendant, through Director Sue F. McCormack, denied Plaintiff's appeal stating, "your suggestion of a partial redaction of street addresses does not alter our decision that street address information regarding DWSD customers is information of a personal nature exempt from disclosure":

This letter is in response to the Freedom of Information Act (FOIA) Appeal dated October 26, 2015. Your appeal of the denial of your request for street addresses of Detroit Water and Sewerage Department (DWSD) residential customers who have encountered water service termination is denied. The reason(s) you provided as the basis for reversing the denial of your request are insufficient to support reversal of the denial. Please note, that your suggestion of a partial redaction of street addresses does not alter our decision that street address information regarding DWSD customers is information of a personal nature exempt from disclosure pursuant to MCL 15.243(1)(a).

(Exhibit G).

18. Director McCormick's response on behalf of Defendant included as an enclosure a copy of an Order in another FOIA case where Wayne County Circuit Judge Daniel P. Ryan

affirmed DWSD's denial of a request for the apparently unredacted "names and addresses of DWSD residential customers" (emphasis added) . (Exhibit H).

COUNT I

VIOLATION OF THE FREEDOM OF INFORMATION ACT

19. Plaintiff incorporates by reference the previous allegations as set forth in full herein.

20. The FOIA protects citizens' rights to examine information regarding the formal acts of public officials and employees and to participate in the political process. MCL 15.231(2).

21. The FOIA sets requirements for the disclosure of public records by all "public bodies" in the state, including Defendant DWSD. MCL 15.232(d)(i-iv).

22. The FOIA "is a manifestation of this state's public policy favoring public access to government information, recognizing the need that citizens be informed as they participate in democratic governance, and the need that public officials be held accountable for the manner in which they perform their duties." *Rataj v City of Romulus*, 306 Mich App 735, 748-49 (2014), quoting *Manning v East Tawas*, 234 Mich App 244, 248 (1999); see also MCL 15.231(2); *Herald Co v Bay City*, 463 Mich 111, 118 (2000).

23. On its express terms, the FOIA is a prodisclosure statute. *Mager v Dep't of State Police*, 460 Mich 134, 143 n 14 (1999); *Bradley v Saranac Community Schools Bd of Educ*, 455 Mich 285, 293 (1997); *Swickard v Wayne Co Medical Examiner*, 438 Mich 536, 544 (1991); see also *Rataj*, supra.

24. If a FOIA request is denied in whole or part, written notice of the denial must be provided to the requester with an explanation for the basis of the denial and of the right to appeal the denial. In that regard, MCL 15.235 provides the written notice shall contain:

(a) An explanation of the basis under this act or other statute for the determination that the public record, or portion of that public record, is exempt from disclosure, if that is the reason for denying all or a portion of the request.

(b) A certificate that the public record does not exist under the name given by the requester or by another name reasonably known to the public body, if that is the reason for denying the request or a portion of the request.

(c) A description of a public record or information on a public record that is separated or deleted pursuant to section 14, if a separation or deletion is made.

25. MCL 15.240(1) (b) provides that where a public body makes a final determination to deny all or a portion of a FOIA request, the requesting person may within 180 days “commence an action in the circuit court to compel the public body's disclosure of the public records.” MCL 15.240(1) (b).

26. In an action to compel the public body's disclosure of the public records, a court that determines a public record is not exempt from disclosure “shall order the public body to cease withholding or to produce all or a portion of a public record wrongfully withheld” MCL 15.240(4).

27. If a person asserting the right to inspect, copy, or receive a copy of all or a portion of a public record prevails in a circuit court action, the “court shall award reasonable attorneys' fees, costs, and disbursements.” MCL 15.240(6).

28. If the circuit court determines that the public body has arbitrarily and capriciously violated the FOIA by “refusal or delay in disclosing or providing copies of a public

record, the court shall award, in addition to any actual or compensatory damages, punitive damages in the amount of \$1,000.00” to the person seeking the right to inspect or receive a copy of a public record. MCL 15.240(7).

29. “The basic [FOIA] policy of full agency disclosure unless information is exempted under clearly delineated statutory language indeed focuses on the citizens' right to be informed about what their government is up to. Official information that sheds light on an agency's performance of its statutory duties falls squarely within that statutory purpose.” *Mager v Dep't of State Police*, 460 Mich 134, 145-46 (1999) (internal citation and quotation marks omitted).

30. Absent a showing sufficient to establish a specific exemption, DWSD records are subject to disclosure under the FOIA. (DWSD records subject to disclosure “[i]n light of the purpose of the FOIA-to facilitate the public's understanding of the operations and activities of government”). *City of Warren v. City of Detroit (DWSD)*, 261 Mich App 165, 171 (2004).

Plaintiff's Request for Redacted Records

31. Defendant DWSD violated the FOIA by failing to disclose redacted public records “pertaining to street addresses of shut[off]s for non-payment” where the requested information is not specifically exempt under the act. MCL 15.233(1); *Warren v. City of Detroit (DWSD)*, supra, 261 Mich App at 170-172; *Hagen v Dep't of Education*, 431 Mich 118, 123 (1988).

32. It is well settled that the FOIA's exemptions must be narrowly construed and that the party seeking to invoke the exemption must prove that nondisclosure is in accord with the intent of the Legislature. *Warren v. City of Detroit (DWSD)*, supra, 261 Mich App at 169-170. See

also *Detroit Free Press*, *supra* at 315, citing *Manning v. East Tawas*, 234 Mich App. 244, 248 (1999).

33. In *Evening News Ass'n v City of Troy*, 417 Mich 481 (1983), the Supreme Court held that in order to meet the burden of proving the propriety of nondisclosure in a FOIA action the public body must provide a complete particularized justification for the claimed exemption. See also *City of Detroit v Nicita*, 194 Mich App 657 (1992).

34. As summarized by the Court of Appeals, the rules and standards for particularization in *Post-Newsweek Stations, Michigan, Inc. v Detroit*, 179 Mich App 331, 335-36 (1989):

1. The burden of proof is on the party claiming exemption from disclosure. MCL 15.240(1); MSA 4.1801(10) (1).
2. Exemptions must be interpreted narrowly. *Vaughn v Rosen*, 157 USAppDC 340, 343; 484 F 2d 820 (1973).
3. "[T]he public body shall separate the exempt and nonexempt material and make the nonexempt material available for examination and copying." MCL 15.244(1); MSA 4.1801(14) (1); *Vaughn v Rosen*, 157 USAppDC [at] 345 [484 F 2d 820].
4. "[D]etailed affidavits describing the matters withheld" must be supplied by the agency. *Ray v Turner*, 190 USAppDC 290, 317; 587 F 2d 1187 (1978).
5. Justification of exemption must be more than "conclusory," i.e., simple repetition of statutory language. A bill of particulars is in order. Justification must indicate factually how a particular document, or category of documents, [fits within the claimed exemption]. *Campbell v Dep't of Health & Human Services*, 221 USAppDC 1, 4-6, 10-11; 682 F 2d 256 (1982); *Vaughn v Rosen*, 157 USAppDC [at] 347 [484 F 2d 820].

35. The heavy burden of justifying nondisclosure has not been met by Defendant's conclusory allegations that redacted records "pertaining to street addresses of shut[off]s for non-payment ... constitutes information of a personal nature". *Penokie v. Michigan Technological University*, 93 Mich. App. 650, 662-663 (1979).

36. With regard to the privacy exemption Defendant relied on to partially deny Plaintiffs claim, the FOIA only exempts "[i]nformation of a personal nature where the public disclosure of the information would constitute a clearly unwarranted invasion of an individual's privacy." MCL15.243(1)(a).

37. Under the Michigan FOIA, a court must first determine whether the requested information is "of a personal nature." If it is found to be personal, then the question is whether disclosure would constitute a clearly unwarranted invasion of an individual's privacy. See *Kestenbaum v. Michigan State University*, 414 Mich. 510, 550-551 (1982) (opinion of Ryan, J.); MCL15.243(1)(a).

38. A listing of a DWSD water shutoff on a particular block "is simply not a private fact." *Penokie v. Michigan Technological University*, 93 Mich. App. 650, 663 (1979). By definition, the general location of shutoffs for non-payment is not information of a "personal nature" since it does not identify particular persons at all. MCL15.243(1)(a).

39. "Disclosure of this [information Plaintiff seeks] would not thwart the apparent purpose of the [privacy] exemption to protect against the highly offensive public scrutiny of totally private personal details." *Penokie v. Michigan Technological University*, 93 Mich. App. 650, 663 (1979).

40. The FOIA expressly provides for the availability of separable portions of records containing exempt material: “[i]f a public record contains material which is not exempt under section 13, [MCL 15.243], as well as material which is exempt from disclosure under section 13, the public body shall separate the exempt and nonexempt material and make the nonexempt material available for examination and copying.” MCL 15.244(l).

41. Michigan courts have strictly enforced this provision, forbidding public bodies from withholding documents without separating exempt from nonexempt material. *Evening News Ass’n v. City of Troy*, supra, 339 n.W.2d at 436 (1983). See also *Warren v. City of Detroit (DWSD)*, supra, 261 Mich App at 171 (Rather than denying request for a nonexempt portion of a public record, DWSD was “permitted to ‘separate the exempt and nonexempt material and make [only] the nonexempt material available for examination and copying.’ M.C.L. § 15.244(1).”)

42. Redacted non-exempt information about the operation of DWSD in terminating service for nonpayment to tens of thousands of customers is subject to disclosure “[i]n light of the purpose of the FOIA-to facilitate the public's understanding of the operations and activities of government.” *City of Warren v. City of Detroit (DWSD)*, 261 Mich App. 165, 171 (2004).

Plaintiff is Entitled to Attorneys’ Fees, Costs and Punitive Damages

43. In light of the purpose of the FOIA, “to encourage voluntary compliance with requests under the FOIA and to encourage plaintiffs who are unable to afford the expense of litigation to nonetheless obtain judicial review of alleged wrongful denials of their requests,” a plaintiff “prevails” in the action so as to be entitled to a mandatory award of costs and fees where he or she is forced into litigation and is successful with respect to the central issue that

the requested materials were subject to disclosure under the FOIA. See *Amberg v City of Dearborn*, 497 Mich 28, 34 n 4 (2014) (plaintiff was prevailing party in FOIA suit despite “intervening release of public records”).

44. Defendant has arbitrarily and capriciously violated the FOIA by its perfunctory response to Plaintiff’s FOIA request and punitive damages are therefore warranted based on its “refusal or delay in disclosing or providing copies of [the] public record[s].” MCL 15.240(7).

PRAYER FOR RELIEF

WHEREFORE Plaintiff requests that this Court enter judgment in its favor and issue the following relief:

- A. Plaintiff seeks a declaration that Defendant’s failure to disclose records requested by Plaintiff is unlawful under the FOIA.
- B. Plaintiff seeks an order requiring Defendant to make all the requested records available to Plaintiff forthwith.
- C. Plaintiff seeks an award of attorneys’ fees, costs, and disbursements pursuant to MCL 15.240(10) (6).
- D. Plaintiff seeks an award of punitive damages pursuant to MCL 15.240(10)(7).

Re: FOIA Request

Dear DWSD FOIA Coordinator,

This is a request for public records or writings as most broadly defined under the Michigan Freedom of Information Act (FOIA). MCL 15.232 (e) and (h). I request that the following records be provided to me:

- I. Records of all residential water terminations for nonpayment from June 1, 2013 to the present date identified by zip code and street address.
- II. Records of all residential water terminations for illegal usage from June 1, 2013 to the present date identified by zip code and street address.
- III. Records of all residential turn-ons following a disconnection for nonpayment or illegal usage from June 1, 2013 to the present date identified by zip code and street address.
- IV. Records of all non-residential water terminations from June 1, 2013 to the present date identified by address and name of customer.
- V. Records of all non-residential customers who are at least 60 days overdue on their bills and scheduled for termination as of August, 2015 identified by address and name of customer.
- VI. Records of any postponed water service terminations based on litigation, negotiations or agreements between non-residential customers and DWSD from January 1, 2014 to the present date.

Nonexistent or Exempt Records

Should you decide to certify that a requested record does not exist or to invoke a FOIA exemption as the basis for withholding any record responsive to this request, please include sufficient information to comply with legal requirements. For an exemption, the following information must be included:

1. A description of each item withheld; and
2. An explanation of the basis for the determination that the public record is exempt from disclosure.

If you determine that portions of a record requested are exempt from disclosure, please separate or redact the exempt material and make the nonexempt material available to me. When separating or redacting material, please provide materials with the most detail possible without revealing the contents of the exempt information. As an example, the address 130 Main Street might be redacted to read 13_ Main Street.

Fee Waiver Request

I request that you reduce or waive all fees in connection with this request as provided by MCL 15.234(1) (waiver of fee is appropriate where search for and provision of copies of the public record can be considered as primarily benefiting the general public). As a not-for-profit journalist and filmmaker working on a documentary film and mapping project that tracks the amount and nature of water terminations on a general and block-by-block level. I will use the information to contribute significantly to public understanding of water issues in Detroit.

Record Delivery

To reduce or avoid copying costs, and to allow easy analysis and dissemination of the information, I request that records be provided in electronic format wherever possible, including but not limited to records that are stored or maintained in electronic format. In the event that DWSD asserts that some documents are only available in paper form, I ask for the opportunity to examine such documents in person, or to be contacted by the department explaining charges, rather than to incur any costs beyond \$200.00.

Please produce the requested records on a rolling basis; at no point should the search for – or deliberation concerning – certain records delay the production of others that the DWSD has already retrieved and elected to produce.

If you find that this request is unclear in any way please contact me immediately so I can clarify the request or otherwise expedite and simplify your efforts to comply.

In responding to this request, I ask DWSD to comply with all relevant deadlines and other obligations set forth in the Michigan FOIA.

I thank you kindly for your attention to this matter.

RE: FOIA Request for records related to the shut and restoration of residential and non-residential accounts; Non-residential customers 60 days past due and scheduled for termination of service as of August 2015; Any postponed service terminations base on litigation, negotiations or agreements between non-residential customers and DWSD from 1/01/2014 to present

Dear Ms. Levy:

This letter serves as the City of Detroit's response to the above-referenced matter. Your letter was received at the Detroit Water & Sewerage Department (DWSD) on September 18, 2015 via facsimile. Your request is granted in part and denied in part as follows:

1. Items I, II and III of your request are granted as to records of residential water terminations for non-payment, illegal usage and the restoration of service for each from June 1, 2013 to the present date. However, your request is denied pursuant to MCL 15.234(5) as to requests for information regarding zip codes, because according to DWSD personnel, the record you request does not contain data organized in that fashion. Additionally, your request pertaining to street addresses of shuts for non-payment is denied, as that information constitutes information of a personal nature, and is exempt from disclosure pursuant to MCL 15.243(1)(a).
2. Items IV and V of your request is denied pursuant to MCL 15.234(5) because according to DWSD personnel, the records you request do not contain data organized in that fashion. Please be advised that the public body is not obligated to create a record, list, or summary of information that does not already exist.

Please be advised that, pursuant to Section 10 of the Michigan Freedom of Information Act, being MCL 15.240, a person receiving a written denial of a request may do one of the following:

- 1) Submit a written appeal to the head of the public body denying the request. Such appeal, if submitted, should specifically state the word "appeal" and identify the reason or reasons for reversal of the denial. MCL 15.240(1)(a); or
- 2) Commence an action in the circuit court to compel the disclosure of the public records within 180 days after the public body's denial of the request. MCL 15.240(1)(b). If a court finds that the information withheld by a public body is not exempt from disclosure, the requesting party may receive the requested record and, at the discretion of the court, reasonable attorney fees and/or costs. MCL 15.240(6) and (7).

Re: Appeal of Kate Levy Partial FOIA Denial

Dear Ms. McCormick:

In September 1, 2015, I submitted the attached FOIA request for information concerning water terminations and disconnections. You denied my requests I-III in part on the ground that it was necessary to exclude street address information of customers because that information was of "a personal nature" that is exempt under MCL 15.243(1) (a). I am writing to appeal and request reversal of that denial for the reasons set out below.

I am appealing because I believe that it is possible to grant my request for street and address information while maintaining the privacy of your customers. In fact, my request specifically asked that you make reasonably redactions in order to provide as much information as possible:

If you determine that portions of a record requested are exempt from disclosure, please separate or redact the exempt material and make the nonexempt material available to me. When separating or redacting material, please provide materials with the most detail possible without revealing the contents of the exempt information. As an example, the address 130 Main Street might be redacted to read 13_ Main Street.

In other words, DWSD may properly respond to my request by providing information in a partially redacted form such as blacking out one or more of the digits of the street addresses. It is well established that such redaction is required under the law to provide as much information as possible without defeating the purpose of the claimed exemption.

Sincerely,

Kate Levy

Dear Ms. Levy:

Regarding: **Appeal of Kate Levy Partial FOIA Denial**

This letter is in response to the Freedom of Information Act (FOIA) Appeal dated October 26, 2015. Your appeal of the denial of your request for street addresses of Detroit Water and Sewerage Department (DWSD) residential customers who have encountered water service termination is denied. The reason(s) you provided as the basis for reversing the denial of your request are insufficient to support reversal of the denial. Please note, that your suggestion of a partial redaction of street addresses does not alter our decision that street address information regarding DWSD customers is information of a personal nature exempt from disclosure pursuant to MCL 15.243(1)(a).

Finally, DWSD's policy with respect to FOIA requests is to comply with State law in all respects, and to respond to FOIA requests in a consistent, fair, and even-handed manner regardless of who makes the request. That being said, notwithstanding our denial of releasing information of a personal nature, you are still entitled to the non-exempt portion of the record, subject to applicable statutory charges-if you so choose.

Whether or not you submitted an appeal of a denial to the Director of DWSD, you may file a civil action in Wayne County Circuit Court within 180 days after the Director's final determination to deny your request. If you prevail in the civil action, the court will award you reasonable attorneys' fees, costs and disbursements. If the court determines that DWSD acted arbitrarily and capriciously in refusing to disclose or provide a public record, the court shall award you damages in the amount of \$1,000.

Sincerely yours,

Sue F. McCormick
Director
